COST OF RUTLAND SCHOOLS.

During the Past Year Was \$52,068.29. Plans for This Year,

Rutland Feb 9-In his annual report Arthur Lyman, president of the board of education, states that the gross receipts for the support of the public schools in this city during the past year have been \$52,239.33. Of this a teacher in the city schools. amount \$43,742.11 was realized from city oline Engines as shown or mounted on taxes, 86,070.38 from the state, and the remainder, \$2,426.84 from tuitions and other sources. The total expenditures Wood Saws, Drag Saws, Grinding were \$52,068.29. Of this amount \$41. 209.18 was paid for salaries, \$5,270.25 for text books and supplies, \$1,229.09 for repairs, \$2,360.79 for fuel, and \$1,-998.88 for sundries. The unexpended balance to the credit of the school board December 31, 1910, was \$171.04.

With larger school receipts for 1911, resulting from the increase in the city's valuation and from greater contributions from the state, it now seems possible to open up one or more new school rooms in September and to extend the work in new departments; but to carry out these plans it will be necessary to provide additional accommodations, either at the Pine or Church street buildings or at both, where the congestion school enrollment is greatest, and to fit up a work shop for manual train-
